

## EHR Release Notes: August 1, 2024

Completed Initiative	Release Note
Special Population Client Dashboard Widget	Created 2 widgets that show on the client's dashboard that will show what special populations the client has. One is for the non-SUD special populations and the other widget is for the SUD special populations. They will be permissioned differently for 42 CFR Part 2 reasons.
Care Team: Images are borked by the MSPd	Correct file extension check for Care Team image uploader after MSP changes
