

EHR Release Notes: September 06, 2024

Completed Initiative	Release Note
CURES/AIMS Checks (V6) to Client Medical-Related Facesheet from Psych Note V1.5	In the psych medical note template, users can indicate if they have reviewed CURES or completed AIMS. If these checkboxes are marked, then this information will push a date/time to the Client Medical Facesheet to facilitate ease of capturing this data of when this information was last reviewed.
