

## EHR Release Notes: November 21, 2024

Completed Initiative	Release Note
Updates to Key Phrases	Fixed issue with CDAG logic pull to drive Key Phrases - all CDAG groups should now be pulling in expected Key Phrases.
Transition of Care having issues pulling Diagnosis and CalAIM documents.	Moved from restricting document pulls from Author's current CDAG to JUST Programs with a Service Area associated with 'Mental Health'. Any CANS, CalAIM or other supporting documents will not come in from a SUD program.
Mobile Crisis Assessment, v6	Ensured specific comment sections will always appear in the PDF regardless of form responses.
