FAQ's

1. Is there a standard or recommended approach that counties can rely on to guide appropriate use, clinical oversight, and provider sign-off for AI-supported documentation.
   A: Will be covered in orientation and training. Best practices from each county will be shared as multiple implementations happen concurrently

2. Will Eleos be implemented through the existing CalMHSA SmartCare contract or via a separate agreement?
   A: An amendment to your SmartCare contract

3. What are the anticipated training requirements?
   A: Eleos will Provide a 3 Hour Virtual training Session for users and weekly implementation calls with the County lead.

4. How will Eleos be supported?
   A: Counties will follow the Standard EHR support process via Hubspot.

4. If I want to learn more where would I go?
   A: Counties will follow the Standard HER support process via Hubspot.

Thank You!
